Cllr Watson updated on this item. The Parish Council is still determined to get somewhere that the youngsters can use.

**3. South Street – Recreation Area to the rear of Swanwick Primary School**

The Clerk has spoken to AVBC about this, following the consultation exercise all responses from potential users have been collated, and the Borough Council are now seeking funding. Cllr Watson questioned why they are seeking funding when there should be Section 106 money from the South Street development in place to fund this play area.

The Clerk would request information from AVBC.

**4. Skate Park**

Following on from residents requests earlier in the year, and nothing forthcoming from AVBC, the Clerk would write to AVBC and ask where a Skate Park can be sited, and about the possible siting of a play area and football on Crays Hill.

Meeting Closed at 7.10pm.
