Date 12/03/13

9 Name of Neighbourhood Area:

Swanwick Parish Neighbourhood

10 Justification Statement

The neighbourhood boundary has been selected to wholly conform with the existing parish boundary. This has a number of benefits:

- To enable the Parish Council to take the lead on the process
- To ensure that the whole of the parish benefits from the plan and any subsequent funding as a result of it; e.g. CIL monies
- To enable the emerging neighbourhood plan to fit with the emerging community led plan so that the two can support one another
- To build the emerging plan upon the already recognised parish boundary which will aid the local community in understanding its purpose and potential effect.

The parish council is very keen to work with neighbouring communities, who have a neighbourhood plan or not, particularly in those instances where proposals might impact upon those communities, and will be communicating with neighbouring parishes.
